Summary

Light, materials and aesthetics are basic elements in my artistic work. I find inspiration in the interaction between light, material, rhythm and space. I am fascinated by the way movement and perception give life to otherwise stationary objects.

In addition, I am interested in identity building and personal storytelling, and the implicit communication that occurs between object, space and individual.

Artistic practice

- 2015 – now Light, room and surfacedesigner - LYS & RUM
- 2011 – now Member of the Artgroup TOKYO BLUE
